

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

AN ACT to amend an Act passed January 29, 1879, entitled "An Act to establish taxing districts in this State, and to provide the means of local government for the same," and the Acts amendatory thereto, so as to provide for the establishment of improvement districts within such taxing districts, to construct pavements, sewers, etc, and to authorize said taxing district to levy and collect taxes for the same.

Improvement
Districts.

SECTION 1. *Be it enacted by the General Assembly of the State of Tennessee*, That in all taxing districts organized under the provisions of the Acts of 1879 (Act of 1879, Ch. XI), and the Acts amendatory thereof, the whole, or designated portions of the territory embraced therein, shall constitute one or more improvement districts for the purpose of opening, widening, grading, paving, and otherwise improving streets and alleys, constructing sewers, or making any local improvements of a public nature, when so declared in the manner hereinafter set out; and such taxing districts are hereby authorized and empowered, any provision of former laws to the contrary notwithstanding, to levy, assess, and collect taxes in the manner, to the extent, and for the purposes herein-

after provided, but not further or otherwise carrying out the provisions of this Act.

SEC. 2. *Be it further enacted*, That whenever any ten resident owners of real property in any such taxing district shall petition the Legislative Council of such taxing district to take steps toward the making of any such local improvement, it shall be the duty of said Council to lay off at once the portion of such taxing district to be affected, locally, by such desired improvement, and designate it by boundaries, number, and the object of the improvement proposed; *provided*, that such Council shall first vote upon and approve the object proposed by such petition as to its timeliness and feasibility, and also fix the practical details of the improvement as to time and mode of execution, material to be used, the maximum cost thereof, and the terms of payment therefor.

If within three months after the publication of such order or ordinance a majority in value as then assessed of the owners of taxable real property within the district so designated, shall present to the Legislative Council a petition praying that such improvement, as set out in such order or ordinance, or with such changes or amendments as such property owners may in such petition suggest be made, and the one-half of the cost thereof be assessed and charged upon the real property in such improvement district, the said Legislative Council shall, at its first meeting thereafter, act upon such petition, and approve or disapprove any changes or amendments that may have been suggested as aforesaid. If they approve, then such suggestions or amendments shall be, by force of such approval, incorporated into the original order or ordinance. If they disapprove, the matter shall go no further unless such petitioners shall choose to present another petition conforming to the views of the council. When the council shall approve, they shall proceed at once to ascertain the estimated cost of the improvement, and shall, by ordinance, assess one-half of such cost upon the real property in such

Order to be published.

If the estimated cost of the improvement shall exceed one per cent. of the assessed value of the real property aforesaid, then it shall be provided by ordinance that the assessment shall be paid in successive annual instalments, so that no assessment shall, in any one year, exceed one per cent. of the assessed value of said real property for such particular improvement; *provided*, that no single improvement shall be undertaken which alone will exceed in cost five per cent. (5 per cent.) of the value of such real property in such improvement district. The ordinance contemplated may be in the following form: "Whereas, the majority in value of the owners of real property in improvement district No. —, organized for the purpose of —, have petitioned the Legislative Council of the taxing district of —, for the construction of such improvement, and that one-half of the cost thereof should be assessed upon the real property of such improvement district and —. Whereas, the estimated cost of said improvement is — dollars, amounting to — per cent. of the assessed value of the said real property; *therefore*, it is now ordained by the said council that all the real property situated in such improvement district No. — be assessed at the rate of — per cent. on the dollar of the assessed valuation as the same appears by the assessment made by the Assessor of this county in the last county assessment, which assessment shall be paid as other taxes of said taxing district are paid, so that not more than one per cent. upon the dollar of the assessed value of said real property shall be paid in any one year. And such assessment shall be a charge against and a lien on the lands named therein from the date of said ordinance."

Form of
Ordinance.

Objection to
assessment.

SEC. 4. *Be it further enacted*, That within five days after the passage of the ordinance mentioned in the latter part of the preceding section of this Act the Secretary shall publish a copy of it one time in some newspaper published in the said taxing district, and any one who may feel aggrieved thereby may object to the assessment, and such person so objecting shall commence legal proceedings for the purpose of trying the validity of said assessment within twenty days after the date of said publication, or else he shall be

forever barred in all courts of law or equity from questioning the validity of the assessment and the lien created thereby.

SEC. 5. *Be it further enacted,* That if the assessment first levied shall prove insufficient to complete the improvement, the Legislative Council shall make another assessment on the property previously assessed for one-half of the sum sufficient to complete the improvement, which shall be collected in the same manner as the first assessment; *provided*, that when any work has been begun under the provisions of this Act, which shall not be completed and paid for out of the first assessment, it shall be the duty of said Council to make such assessment of one-half of the amount necessary for its completion from year to year until five per cent. on the value of the real property in such improvement district, as ascertained from the last county assessment before making it, shall be collected and consumed, along with the one-half to be otherwise paid, in such improvement, unless it be sooner completed; and the performance of such duty may be enforced by mandamus at the instance of any person interested.

Insufficient assessment.

SEC. 6. *Be it further enacted,* That in ascertaining whether the petition for improvement of any kind is signed by a majority of the owners in value of the real taxable property of the improvement district, the Council shall take and be governed by the valuation placed upon the property as shown by the last county assessment. Women, married or single, may sign the petition; guardians may sign for their wards, and executors and administrators may sign for the estate represented by them. In case of omission, error, or mistake in making such assessment or levy in respect to the total cost of the improvement or deficiencies, or otherwise, it shall be competent for the Council to make a supplemental levy or assessment to supply such omission, errors, or mistakes.

Women, etc., may petition.

SEC. 7. *Be it further enacted,* That the tax assessed under the provisions of this Act shall be collected at the same time and in the same manner that other taxes assessed for the uses of said taxing districts are collected, and all laws in relation to the collection of such other taxes shall apply to and be enforced as to the collection of the tax assessed under the provisions of this Act.

SEC. 8. *Be it further enacted*, That one-half of the cost of improvements to be made under the provisions of this Act shall be appropriated and paid by the Legislative Council out of the taxes levied by general laws in such taxing districts for the particular kind of improvements proposed. And no improvement shall be undertaken under the provisions of this Act of a kind or for a purpose for which there is not a tax levied in such taxing districts under their budgets, by general laws. And improvements shall not be undertaken under the provisions of this Act, so numerous or extensive that one-half of the cost thereof cannot be provided out of the taxes so levied by general laws for such taxing districts, for the particular kind of improvement proposed. All work done under the provisions of this Act shall be done under the supervision, direction, contracts, and control of the Legislative Council, and subject to all laws governing said taxing districts as to the particular work undertaken. The contracts and the contractors for such work shall look alone to the tax assessed under this Act for one-half of the cost thereof, and shall look alone to the Budget Tax for the other one-half under the provisions of law governing said taxing district. But said taxing districts may, in the discretion of the Legislative Councils, appropriate, when they may choose, to improvements under this Act, any unappropriated surplus or part thereof which may be properly so appropriated. Nothing in this Act shall be construed as authorizing said taxing districts to create debts or assume pecuniary obligations, except as provided for by the laws under which said taxing districts exist.

Street railroads
to comply with
contract.

SEC. 9. *Be it further enacted*, That the provisions of this Act shall in nowise affect or interfere with the liability of street railroads by law, or under contracts made by them with such taxing districts to pave or repair streets, or portions of streets, upon which their lines are located. Street railroads shall still be required to perform their legal or contract liabilities just as if the improvements were being made independently of this Act. And the cost of so much of the proposed improvement as such street railroad shall be bound for by law, or, by their contracts shall be deducted from the whole cost, so as to leave only the remainder of the cost of the improvement to be paid

by the taxing district and the property owners under the foregoing provisions of this Act and in the proportions hereinbefore specified.

It shall be the duty of the Chairman of the Board of Commissioners to have printed all necessary ballots for use under the provisions of this Act, and he shall cause to be printed upon said ballots the names of candidates so nominated, upon the written request of any one of the candidates so nominated, or upon the written request of any qualified voter who will affirm

that he was a member of said caucus, and the name presented by him was the nominee of said caucus, convention, mass-meeting, or other assembly of any such political party. The said officer shall cause to be printed upon said ballots the name of any qualified voter who has been requested to be a candidate for any office by a written petition signed by at least fifteen citizens, qualified to vote in the election, to fill said office where such petition has been given him, at least ten days previous to the election; but if any qualified [voter] has been nominated, as above specified, within less than ten days of the election, or has been requested to be a candidate, as above specified, then said names shall not be printed upon said tickets. But in addition to the names printed upon said ticket, there shall be at least one blank space under each office to be voted for, and the candidate nominated, or who desires to run of his own volition, may have a separate ticket printed, upon which the title of the office for which he is a candidate, and his own name and address shall be printed, and said candidate may give these to the officer or officers distributing ballots upon the day of election, and said officer or officers shall give to each voter, in addition to the printed ticket, as hereinafter specified, a copy of said ticket. The names of presidential electors shall be arranged in groups, according to political parties, and preceded by the words "electors" (giving the name) for candidate for President and for (giving the name) candidate for Vice-president. Whenever the question of a constitutional amendment, or other question, is so submitted to the vote of the people, such question shall be printed upon the ballot after the list of candidates, followed by the words "yes" and "no," so that the voter can intelligently vote his preference by making a cross mark (x) opposite the proper word; immediately following the title of each officer shall be printed the words "vote for one," "vote for two," according to the number to be elected. Two or more polling places. SEC. 7. *Be it further enacted,* That there shall be provided for each voting place, at which an election is held, such a number of ballots that there shall be at least one hundred for every fifty registered voters at said polling place. Every civil district or ward to which the provisions of this Act apply shall have the same number of polling places as now provided by law. Where there are two or more polling places in any one civil district or ward, a qualified voter of said ward or district may vote at the one he prefers; but to prevent repeating by voters, the Judge shall take up and cancel the certificate of registration presented by said voter. The registrars of election shall notify the Commissioners of election, or the officer

And if there is not time to prepare said ballots substantially in the form as required by the provisions of this Act, then the Registrars may have printed plain white tickets of the most convenient size containing the names of the candidate as required by law, which shall be voted in the same manner, and under the same instructions, as the tickets herein provided for. Within three (3) days after the close of the polls on election days, the Registrars having furnished such tickets, shall make a written report of the whole circumstances of the loss of the tickets, and the printing of the others, un-

The bystander sworn in to act as Registrar shall receive the same compensation as the Registrar is entitled to. The Registrars shall have charge of the ballots and shall furnish them to the voters in the manner hereafter set forth. A certified list of the qualified voters in each ward or district in which there are more than one voting place shall be supplied by the Commissioner of Registration to the Judges at each of the following places.

The arrangement shall be such that neither the ballot-boxes nor the voting shelves or compartments shall be hidden from the view of those just outside a guard rail which may run in front of the ballot-box. The number of such voting shelves, tables, or compartments, shall not be less than three for every one hundred voters qualified to vote at such polling places. No persons, other than the election officers and voters

admitted as hereinafter provided, shall be permitted within said rail or rooms where the election is held except by authority of the election officers for the purpose of keeping order and enforcing the law. Each voting shelf or compartment shall be kept provided with proper supplies and conveniences for marking the ballots.

He shall go to one of the voting shelves, tables, or compartments, and shall prepare his ballot by marking in the appropriate margin or place a cross (X) opposite the name of the candidate of his choice for each office to be filled, or by filling in the name of the candidate of his choice in the blank space provided therefor, and marking a cross (X) opposite thereto, and likewise a cross (X) opposite the answer he desires to give in case of a constitutional amendment. Before leaving the voting shelf or compartment the voter shall fold his ballot without displaying the marks thereon, but so that the words "Official ballot for," followed by the designation of the polling place for which the ballot is prepared, the date of election, and the *fac simile* of the signatures of the Commissioners of Registration shall be for the most part visible to the officers of election. He shall then vote in the manner now provided by law. He shall mark and deposit his ballot without undue delay, and shall quit said inclosed space or room as soon as he has voted. No such voter shall be allowed to occupy a voting shelf, table, or compartment already occupied by another, nor longer than Marking ballot.

No person shall be allowed in the room in which said ballot-boxes and compartments are, except the officers of election, and those appointed by the officer holding the election, and none other, to secure the observance of the provisions of this section. In the case of cities having duly enrolled policemen, or peace officers, the city authorities may designate the officers to keep the peace at the polls, on the outside of the room in which is the ballot-box, and not closer than ten feet to the entrance or outer rail guard, if there be such leading to said room. But in no event shall said policemen or peace officers come nearer to said entrance than ten feet, or enter the room in which is the ballot-box, unless specially requested to do so by the Sheriff or Deputy Sheriff holding the election; and at any time when requested to do so by said officer holding the election the said policeman or peace officer shall retire from the room in which is the ballot-box to a point not nearer than ten feet to the aforesaid entrance or rail guard.

Spooled.

SEC. 15. *Be it further enacted*, That no person shall take or remove any ballot from the polling place before the close of the polls. If any voter spoils a ballot he may successively obtain others, one at a time, not exceeding three in all, upon returning each spoiled one.

Inability to
mark ballot.

SEC. 16. *Be it further enacted*, That any voter who declares to the officer holding the election that by reason of blindness or other physical disability, he is unable to mark his ballot shall, upon request, receive the assistance of the officer holding the election in the marking thereof, and such officer shall certify on the outside that it was so marked with his assistance, and shall give no information in regard to the same.

Official indorse-
ment.

SEC. 17. *Be it further enacted*, That if the voter marks more names than there are persons to be elected to an office, or if for any reason it is impossible to determine the voter's choice for any office to be filled, his ballot shall not be counted for such office. No ballot without the official indorsement of the Chairman of the Board of Commissioners shall be deposited, and none but ballots provided in accordance with the provisions of this Act shall be counted.

SECTION 1. *Be it enacted by the General Assembly of the State of Tennessee*, That it shall be the duty of the Governor, who shall, for this purpose, call to his assistance the Board of Inspectors of the Penitentiary, consisting of the Secretary of State, Comptroller, and Treasurer, and at a date not later than the 15th day of September, 1889, to lease the penitentiary and labor of all the convicts who may, at the time of the expiration of the present lease, or thereafter, be undergoing sentence to the penitentiary, together with the Penitentiary buildings, quarry, grounds, and any and all fixtures, machinery, tools, engines, patterns, etc., that may belong to the State, pertaining to the penitentiary, for the term of six years, beginning on the first day of January, 1890; and said lease shall be in conformity to the provisions of this Act. But no lease shall be made in which the hire and rental secured shall be less than the sum of one hundred thousand dollars (\$100,000) per annum, clear of all expenses on any account to the State, and by which the State shall be saved from all expense incident to the maintenance thereof, except as hereinafter provided in Section 7 of this Act; and any and all bid or bids, offer or offers, made by any person, persons, firm, company, or corporation, for the lease of said penitentiary, convicts, etc., under the provisions of this Act, shall be subject to the approval of the Governor, Secretary of State, Comptroller, and Treasurer, and when disapproved by them, or three of them, shall be of no effect.

But nothing in this Act shall be construed as an undertaking on the part of the State to build a new prison.

Provisions of

SEC. 3. *Be it further enacted,* That such lease shall provide that the lessee or lessees shall treat the convicts with humanity, and shall conform to such by-laws and regulations, as may be established by said Board of Inspectors and said officers, and said officers may adopt just and proper rules in relation to such convicts for their improvement and reformation in morals and religion, but such regulations shall not interfere with the safe keeping of said convicts that are to be governed, controlled, and disciplined by the Warden and Assistant Warden, according to the by-laws adopted by the Board of Inspectors. The guards shall be appointed and discharged by the Superintendent, and in his absence, the Warden may appoint or discharge guards, subject to his approval. The Warden shall be charged with the duty now imposed upon him by law, and the provisions of this Act, of treating the prisoners with humanity and kindness, and protecting them from harsh and cruel treatment, and overwork, and of exacting from them the performance of the service and labor to which they are bound by law. But that no loss by fire or other accident shall release the lessee or lessees from the payment of any part of the hire or rental by them to be paid, but in case of the destruction of shops, building, machinery, or other property belonging to the prison, the Board of Inspectors may have others erected, and the necessary repairs made or the lessee or lessees be allowed to remove the convicts from the main to the branch prisons and work them there. In case said walls, buildings, and permanent erections, or any part of same, while in possession of the lessee or lessees, fall into a condition of bad repair, and said lessee or lessees fail and refuse to repair the same, as provided in this section, the Inspectors shall order the same to be put in a condition equal to that in which the same was received, the expense thereof to be charged to said lessee or lessees, and recoverable on their bond hereinafter provided for.
